Clare Boothe Luce Professor of Biomedical Engineering

The College of Engineering at Cornell University invites applications for a tenure-track position at the assistant professor rank in the general research area of biomedical engineering beginning fall 2015. The successful candidate will be nominated for a 5 year designation as a Clare Boothe Luce Professor of Biomedical Engineering: the Luce Program guidelines restrict Luce professorships to women. Luce appointments offer qualified candidates exceptional support in teaching and scholarship directly related to the faculty member's field. Otherwise qualified candidates who are not eligible for the Luce professorship might consider parallel faculty searches in biological research areas at https://academicjobsonline.org/ajo/Cornell.

We seek individuals engaged in experimental, computational and/or theoretical biomedical engineering research that enhances current research themes in the College of Engineering. Potential home departments include Mechanical and Aerospace Engineering, Applied and Engineering Physics, Chemical and Biomolecular Engineering and/or Biomedical Engineering. A doctorate in one of these fields or a directly related discipline is required.

Candidates are expected to develop an outstanding independent program of research and teaching at the undergraduate and graduate levels. Considerable resources exist at Cornell to support interdisciplinary collaborative research efforts, including research centers and national facilities listed at: http://www.engineering.cornell.edu/research/facilities.cfm

Please apply online at https://academicjobsonline.org/ajo/jobs/5285 by February 23, 2015 for full consideration. Applicants should submit their curriculum vitae, statements of research and teaching visions, three recent publications, and names and contact information for 3 references. Please note that visa sponsorship is not available for this position.

Cornell University seeks to meet the needs of dual career couples, has a Dual Career program, and is a member of the Upstate New York Higher Education Recruitment Consortium to assist with dual career searches. Visit http://www.unyherc.org/home/index.cfm?site_id=671 to see positions available in higher education in the upstate New York area.

Diversity and Inclusion are a part of Cornell University's heritage. We are an employer and educator recognized for valuing AA/EEO, Protected Veterans, and Individuals with Disabilities.

Materials to submit:
- Cover letter
- Curriculum vitae
- Research statement (brief, 2-3 pages)
- Teaching statement (brief, 1-2 pages)
- Names and contact information for at least 3 references. An automated letter will be sent to all references requesting letters.
- 3 recent/significant publications
